- ★ We apply a weight limit of max 80 kg.
- ★ Make sure you wear long pants and good study shoes for all our horse activities.

Ranch Experience Day

The ranch experience day filling package with a combination of a horsemanship lesson and the extreme trail park. This package includes an outdoor lunch.

The day starts at 10.00 am with information about the life in the herd, the various characters of the horses and how to safely enter the herd. You will be made aware of your own body language and the horse's body language. We also do different exercises, with each other and with the horses.

You'll learn to make contact with the horses and you learn how you should have respect for the horses' space but also how you should tell the horses to have respect for your own space.

If you try to understand the horse a little better and if you learn more about how to speak the horse's 'language', you will notice that everything is so much easier. Your horse will understand you better and will do much more for you because he understands what you want from him, he trusts you more and there is respect from both sides. It is very interesting to realize what you are saying with your body language (knowingly or unknowingly). After that you'll get assigned a horse that fits your experience. First you're going to brush your horse and then we will start with some ground work with horsemanship components and we're going to use the obstacles in the Extreme trail park. We work from the ground with the horse, so he learns to trust you and you may experience how you can safely take (difficult) obstacles together.

After lunch, outside by the campfire, you'll get an explanation about how we saddle the horses and there is an introduction/riding lesson to the western riding.

After this, we'll go to the extreme trail park and we try to take the obstacles, now riding in the saddle. The obstacles which you couldn't do with your horse from the ground, should not be taken while riding. Apparently there is not enough trust (yet) between rider and horse to take those difficult obstacles. An interesting and instructing day for all levels of riders and a good start for multiple horse activities at the ranch. If you don't want to ride on the horse for what ever reason (back pain, afraid, etc.), but anyway want to participate, it is also possible to do the whole lesson with the horse on a line, from the ground. In that case you can go extra deep in your connection training. The part where the others are riding, you can do all obstacles and exercises extra in hand. Tell us with the booking that you don't want to ride.

Price p/p:1200 Sek (in a group, min. 4 persons)

Every Monday in July & August from 10.00 till 16.00h, included lunch

Western Riding lessen in our Extreme Trail park

The extreme trail park is a field with a lot of agility obstacles (25+) for you and the horse. The trail park is not made for jumping, but it has the purpose to test your horse on flexibility and skills. Also it's good for building trust between the rider and the horse. It is good to test and train those obstacles because a lot of obstacles are sort of similar to what you will find in the outside trails.

When you book this lesson, you will first do the obstacles by hand with the horse on a line. This is so you and the horse know that you are able to take that obstacle before you sit on the horseback. After training the obstacles by hand, you get the explanation of the basics in western riding and you train the trail park on the back of the horse.

The obstacles are marked in different colors by grades of difficulty: Yellow: easy, Orange: medium, Red: difficult. You are not allowed to do red obstacles sitting on the horse if you not did do them beside the horse! The instructor decides which obstacles are suitable for the persons and horses in the group.

If you don't want to ride on the horse for what ever reason (back pain, afraid, etc.), it is also possible to do the whole lesson with the horse on a line, from the ground. In that case you can go extra deep in your connection training. The part where the others are riding, you can do all obstacles and exercises extra in hand.

Price p.p.: 700 Sek 2,5-3 hours experience and about 1,5 hours lesson (group, min. 4 persons).
Every Wednesday in July & August 14.00-16.30/17.00h

Have fun with horses – for kids (no experience necessary)

The 'Have fun with horses' lessons are for the kids between the age of 4 to 16 years old who want to be with horses and learn from horses. The lesson is about everything around horses, respecting the horses, working with the horses, having fun with horses and many more. In the lessons a mix will be made between natural horsemanship, understanding body language of the horse and yourself, associate with horses, helping with the daily horse tasks and horse back riding. The starting point remains having fun with the horses, without the application of pressure.

In this lesson it is required that a mom/dad/grandpa/grandma follows along to hold the horse when their kid is riding if they don't manage riding themselves. We don't have enough helpers to hold all the kids.

Price p/p: 395 Sek, 2-hour group lesson
In July & August, every Tuesday, Thursday, Friday and Sunday
14.00-16.00h

Brush & Ride - brushing and a little walk on the horse

Doesn't one of the activities fit your child or you just have no time those days or want to do something extra; kids can have the possibility to brush a horse as long as they like. We get 2 very sweet horses for you that you may brush and cuddle and cleaning hooves etc. as long as you want. There is no guidance with you so mom or dad should have an eye on the kids and the horses.

When you are ready with brushing, you can get one of our guides and he/she guides you for a little walking trip around the campsite, without a saddle. After that, the guide brings the horse back in the field/herd.

Price p/p: 100 Sek – per kid

Just ask at the bar and somebody will get you a horse. No need to book.

Mountain Trail & Ranch Trail

The Mountain Trail is a guided trail outside in the mountains. The Mini Mountain Trail is a smaller version of the Mountain Trail. The Ranch trail is a flat trail in the flat forest around the ranch; no mountains, but some waters to go through (the depth is depending on the time of the season).

All the trails are for riders with good riding experience and it is necessary that you are not afraid, can independently ride and be able to do a decent gallop.

After you've got your horse, brushed and saddled it, you'll get a riding lesson in the riding paddock where you will learn the basics of western riding and know how it will work in the mountains/forest.

You really have to be able to ride and if we feel in this lesson that this is not the case, you can NOT follow along!

If it feels right for the rider and the guide, you are going into the mountains for a nice ride with some nice gallop up on the mountain and with breathtaking views.

Price Mountain Trail p/p: 895 Sek, 3-3½ hours activity, 2 hour horse riding incl. ½ hour riding lesson (min. 3 persons). Every Tuesday, Thursday, Saturday 10.00h in July & August

Price Mini Mountain Trail p/p: 695 Sek, 2½-3 hours activity, 1½ hour horse riding incl. ½ hour riding lesson (min. 3 persons). Every Monday 20.00h in July & August

Price Ranch Trail p/p: 695 Sek, 2½-3 hours activity, 1½ hour horse riding incl. ½ hour riding lesson (min. 3 persons). Every Friday 10.00h in July & August

Something else, something different with horses

The world is shaking and a lot of people 'meet their self' or 'walk into their self' or their feelings. There is more awareness amount a lot of people and a search after self-development, peace and quietness. A good help or start with this is meditation and yoga!
We have no requirements for experience, flexibility, weight, age or gender.
Just join us and discover what yoga or meditation can do for you!

Meditation in the herd and drumsession

After great success last summer, we decided to offer 'Meditation in the herd' in the high season again.

We do different short meditation exercises. Often, if our group is in peace, the horses come and 'inspect' us and more horses collect around us and 'invite' us in their herd. Sometimes they even lay around us, helping resonating with us and let us sit or be with them to do the last exercise together close with them. At the end we even do a little drum journey with the horses.

This is really the most beautiful thing you can experience with a horse!
The ultimate feeling of connection! So powerful!

Often the dogs also take a roll in this meditation and lay down with somebody (who apparently really needs it).

To give you a safe feeling when you sit or lay down, we always have an eye on the horses to make sure they enter the circle in peace.

Price p/p: 100 Sek, 1-1½h activity every Wednesday 10.00-11.00h and Sunday 10.00-11.00h in July & August

Just come to the saloon 5 min. before the lesson to do the payment (you don't have to book in advance).

Free Horse & Relaxing Experience

In one of the horse fields we have built a big steady table were you can lay on with one or two persons (or sit with even more). You can go in the field and safely sit or lay on the table and enjoy the peace between the horses. Often one or more horses come and check in on you and even do some healing on you (see the yawning horses)!

You can go in there peacefully (but on own risk) to enjoy this relaxing experience. You can even take your own drum with you a run your own drum journey.

Kids: this is not a playing area but of course you are also welcome to sit or lay quietly.

Coaching with horses

Personal development with the help of a horse.

What is horse coaching or coaching with help from horses?

Horse coaching is a relatively new method that is used for coaching, training and therapy. Horse coaching maybe sounds a bit shady, but it is not at all because of the following explanation. A horse mirrors the non-verbal behavior of a person. Body language is for 85% part of our communication. 95% of this goes unconsciously. It is controlled by unconscious processes such as thoughts, feelings and beliefs. A horse objectively responds to body language and non-verbal communication. Because the horse responds to this, it is able to make this unconscious communication visible and respond to it. Often this is the biggest learning lesson for people. When certain behavior has entered your consciousness, you can think about it and possibly change something about it. The horse will help stimulate to change behavior and you will receive direct feedback from the horse on the adapted behavior. This makes horse coaching a way of experiential learning. The coach is there to help to put words into the events. With horse coaching you don't ride on the horse. We work from the ground. The horse usually walks loose in the paddock and can choose its own way in the actions. The coach of course maintains the safety.

Why are horses good in reflecting people?

By nature horses are prey and flight animals, who live in a herd. For them it is of vital importance to observe and interpret the environment very well and to live together in a herd context. They have therefore developed a great sensitivity for both the environment and their herd mates. This sensitive alertness provides the ability to respond quickly to potential dangers. The fact that horses have the ability to form and maintain relationships is an effective factor in survival. Both the horse's sensitive alertness and the ability to form relationships ensure that horses can interact with humans. When a horse has no other horses around but people, it will embrace the people as a herd. A horse will always be looking for / be open to contact because cooperation gives better survival chances for the horse. A horse will use the same abilities in the contact with horses as it uses in the contact with people. Also the horse always checks whether that person is a good herd companion and where the leadership lies. A herd always knows a leader and they will make out how the ranks are set. If the horse doubts about the capabilities of leadership, the horse will take it over itself. Real leadership can only come by a fair attitude and good body language. Anita is a certified horse coach, children's horse coach who did her education at the Center for horse coaching (www.cvpc.nl). This is one of the leading companies for horse coaching from Europe. Sun Dance Ranch has a natural herd with around 20 horses that are excellent mirrors and helpers in a coach journey!

Horse coaching individual

A horse coaching session can lead to a great personal development because you will get aware of your inner feelings, blockings or about how the outside world sees them. The horse and coach can help you in your personal development. A session always start by explaining the theory about horse coaching and you can explain about the question/or the problem you want help with. In the next step we work in the paddock where a horse is standing ready for you. By doing a few small exercises and asking the right questions we come closer to the problem/issue. You will get some exercises that will give you a start or idea how your new learned insights can be used in your everyday life. Horse coaching session can be a great life lesson!

Price p/p: 9500 Sek for a personal session about 1½ hour

Other activities

Canoeing

From the canoe you can enjoy the wonderful Swedish landscape in a beautiful and relaxed way. Quietly floating or paddling on the river The Klarälven, you have a big chance to see wild animals on the river bank or maybe a beaver is swimming by. We have 5 Canadian canoes available for about 2 or 3 persons.

One of them is suitable for 2 adults and 2 little children.

Of course we have paddles, water resistance bags and life jackets for adults and children.

Rent a Canoe with drop-off

If you only want to paddle with the stream, we can drop you north of the ranch to 3 different points where you can start your trip. From there you can paddle downstream to the ranch. It is a clearly visible route, just follow the big river Klarälven. You can't go wrong. Take a nice picnic with you so you can take a rest, swim or fish at the sandbanks and you will have a wonderful day!

Price per canoe per trip with drop:

Östra Tönnet	1½-2h paddling:	550 Sek for max. 3 persons/canoe
Hornäs	2½-3h paddling:	595 Sek for max. 3 persons/canoe
Alevi	4-5h paddling:	695 Sek for max. 3 persons/canoe

Shooting

Get the real cowboy and ranch feeling by shooting with an air gun. We have a shooting board with different targets and we have a shooting trail through the forest. You can take 2 hours to shoot in the forest.

Before you start the shooting trail in the forest you get instructions and you get to practice on the shooting board with different targets. When you feel practiced enough you can start the trail in the forest with 20 different targets. You walk this trail yourself and there is no guide following along. You get 1 big gun per family and if you have smaller kids you also get a kids gun with you. Children may only shoot under supervision of their parents/guides.

Price: Family package: shooting trail forest 120 bullets: 250 Sek - Extra 50 bullets: 50 Sek

Engrave wooden plates/wooden horses

We offer wooden plates and small wooden horses where you can put your own creativity in with the burning pen. You can take as long the time as you need. On the ranch each horse has their own name sign. You can make a similar sign for your own horse or other pet.

Or maybe you want to make a special plate with a nice quote to give to someone as a present. Everything is possible, as long as you use your own creativity.

The proceeds of the costs for burning the wooden plates, go to the Oldy Project.

Price: between 30-70 SEK
